

Vitamin B5 Synergistic

TRUSTED FORMULA NOW IN
NEW SMALLER CAPSULES

- BIOLOGICALLY ACTIVE B5
(CALCIUM D-PANTOTHENATE)
FORMULATED WITH ADVANCED
MICRONUTRIENTS**
- SYNERGISTIC FORMULA WITH
SPIRULINA, ASTRAGALUS, AND
DIGESTIVE ENZYMES**
- VALUE-DRIVEN THREE-MONTH
SUPPLY**

Like all B vitamins, vitamin B5, also called pantothenic acid, is obtained from our diets alone—it can't be synthesized in significant quantities by the body and is hence called an essential micronutrient. Our bodies require it to metabolize proteins, carbohydrates, and fats, and specifically to synthesize coenzyme A, which is required to metabolize fatty acids.

Vitamin B5 can be found in animal sources such as meat, dairy, and eggs, but also in potatoes, avocado, and mushroom, among other sources. It is also added to various foods, for example in cereals, as milling removes much of the vitamin B5 from grains, as it is found in their outer layers.

Symptoms of vitamin B5 deficiency include irritability, fatigue, as well as neurological symptoms such as numbness or muscle cramps. The good news is that supplementation reverts nearly all B5 deficiency-related symptoms.

Our formula also contains antioxidant vitamin C; D-ribose, which is a precursor of adenosine triphosphate (ATP), the energy source of cells; micronutrient-rich spirulina; immune-promoting astragalus; and various digestive enzymes to assist in the assimilation of these.

YOU SPOKE, WE LISTENED...

This product was previously available as 1,000 mg tablets. Some consumers had difficulty ingesting the tablets and asked for a smaller, more convenient format that is easier to swallow. We listened.

Our new, smaller, 500 mg capsules now replace our previous 1,000 mg tablets. Two can be taken in a single dose, or they can be spaced out through the day in order to get your 1,000 mg.

The old tablet and the new capsule are shown here at actual size.

Vitamin B5 Synergistic

Each vegetable capsule contains:

Vitamin B5 (from calcium D-pantothenate)	500 mg
Vitamin C (ascorbic acid)	75 mg
D-Ribose	15 mg
Organic spirulina (<i>Spirulina platensis</i>)	10 mg
Astragalus (<i>Astragalus membranaceus</i>) root extract, 16% polysaccharides	4 mg
<i>alpha</i> -Amylase	62.99 FCC DU
Bromelain (from pineapple [<i>Ananas comosus</i> var. <i>comosus</i>] stem)	3,839 FCC PU
Cellulase	6.71 FCC CU
Dipeptidyl-peptidase IV	10.93 FCC HUT
<i>alpha</i> -Galactosidase	0.1013 FCC GalU
Glucoamylase	0.2666 FCC AGU
Hemicellulase	0.1813 FCC HCU
Invertase	0.4195 FCC INVU
Lactase	2.9013 FCC ALU
Lipase	10.66 FCC LU
Maltase	0.69 FCC DP
Papain (from papaya [<i>Carica papaya</i>] fruit)	2,133 FCC PU
Pectinase	0.32 FCC endo-PGU
Phytase	0.0133 FCC FTU
Protease I	220.99 HUT
Protease II	23.99 HUT
Protease III	0.304 SAP

Other ingredients:

Vegetable magnesium stearate, microcrystalline cellulose, and silicon dioxide in a non-GMO vegetable capsule composed of vegetable carbohydrate gum and purified water.

Directions of use:

Adults: Take 1 capsule twice daily with a meal or as directed by your health-care practitioner. Take with the first bite of food/meal.

Duration of use:

Consult a health-care practitioner for prolonged use.
